

## App Ideas

Ariana Daney

An app that:

- You can design a room

- Recommends books/bands based on others you like

- Calculates how much money you make a month

- You can put in birthdays and reminds you to get a gift

- Helps you practice for an interview by giving questions for the job

- You can design color pallets for whatever you want

- Keeps track of driving hours

- Logs in and keep track of climbs you climbed
